Towers, Each 225 A baseball league in which all players are members of Christian churches or Sunday schools, in which no one receives a salary, and whose officers are ministers, is the unique organization recently formed by six Christian churches of this city.

Each team has played three games, and with each contest interest has increased, So keen is the rivalry between the Hammet Place and East St. Louis teams, who are tied for first place in the race for the pennant, that the Reverend Holly Hale, pastor of the East Side church, in the game last Saturday appeared at third base for his team, and materially assisted in the trouncing which it administered to the club from the First Church. The score was 22 to 19.

The idea of the league originated with the pastors of the several churches, who wished to promote good feeling and healthy sport among the younger members of their congressations. The boys and young mentook the movement up with sest, and there was an immediate scanning of church membership rolls for possible ball players.

The president is the Reverend Howard T. Cree, pastor of Central Church, and the secretary is the Reverend James N. Crutcher, pastor of the Compton Heights Christian Church.

links in the camps of the Browns and the Cardinals.

Instead of receiving a salary each player is required to pay so much to belong to a team, monthly assessments being made to pay expenses. In addition to this each player was required to buy his suit and pay for the letters on the shirt indicating the church which holds his membership. Players severing their connection with a team are not allowed to take their suits, they being the property of the club.

Each of the six teams has a schedule of fifteen games, all of which will be played on Saturday afternoon. As all members have holidays on that afternoon, the only excuse for absence which escapes a fine is sickness.

H. A. McNeil of New York has been given a commission to execute the massive frieze sickness.

A sporting goods house has offered a sliver cup, valued at \$50, to the team winning the most games, and this will take the place of the pennant for which professionals strive.

An account of each game and the scores are forwarded each week to the Reverend James N. Crutcher, the secretary, and the relative percentags of the teams of the league are announced next morning at Sunday-school.

Skin disease prescription

Eczema, Salt Rheum, Barbers' Itch, Erysipelas-all eruptions, scaly diseases and parasitic affections of the skin positively cleared away in a hurry. A clean, pleasant liquid (non-greasy) externally applied—sponged or sopped over the parts. Instantly stops all irritation. Soon clears out absolutely all affected conditions.

(Here is a case cleared away with two bottles.)

We vouch for these facts.

They have been proven to us beyond the possibility of doubt.

WOLFF-WILSON DRUG CO., St. Louis, Mo. Some weeks ago the astonishing record of this prescription—proven to us by indisputable evidence—induced us to give it our unqualified recommendation to the public. Since then D. D. has cured so many who obtained it from us that its record with us has been fully equal to its previous history. We have not seen a single instance of disappointment. It seems to do the work every time. In nine cases out of ten, manifestations on the skin are skin diseases—not blood disease. Many purchasers formerly miserable, thinking they half a lad blood disease, have found it was merely a skin affection and have cleared it all away with this prescription. with this prescription.

Among all the known reliable specific medical influences for different ailments we know of verr few discoveries so certain in effect as this D. D. D. prescription in its quick conquest of skin diseases of all kinds.
